

Oiseaux Morin-Heights Birds presents:

## Watching The Birds:

a free children's workshop

Sunday, January 25, 2026

1pm - 2:30pm

Chalet Bellevue, 27 Bellevue St., Morin-Heights

Children of all ages are invited to a bilingual workshop about birds. We will read *Watching the Birds*, a delightful ebook by Nancy Cooper, beautifully illustrated by Justin Kewaquado. It is made available through Chapter One's Global Free Library which offers an online collection of stories and materials that celebrate the world's diversity.

The book includes bird names in Ashinabimowin, the language of the Ashinabe people, with recordings of their pronunciation. We will discuss the book and then finish the workshop by drawing some birds of Morin-Heights. Drawing supplies are provided.

**Sunday, January 25, 2026, 1 pm - 2pm**
